Initial that you have read and understand the following statements:

_____ Calling: The groomer will call you when your dog is ready for pick up. Calling for updates or coming to pick up before then can cause unnecessary delays, stress, or lengthen grooming time.

_____ Time: Your dog's groom may not be started until later in the day. If a certain pick up time is needed let us know at drop off and we will try to accommodate you or we may need to reschedule.

_____ Fleas: **If your pet is found to have fleas they will be treated with preventative and the cost of it will be added to your total.**

_____ Matting: **If your pet's coat is matted we will charge a fee, starting at \$20,** for any additional time required to shave and/or detangle it. However, no excessive detangle will be done due to our belief that it can cause unnecessary pain when matting becomes too severe to be brushed out.

_____ Sedation: Occasionally a pet will require calming medication, sedatives, or sedation to be groomed safely. We will not move forward with grooming services until speaking with an authorized pet parent client and reserve the right to reschedule a pet if grooming them safely will not be possible on the original date of the groom. **There is an additional fee associated with sedation** as well as other fees such as an exam and possible bloodwork to ensure the safety of your pet.
